PROFILE SUMMARY

Final-year B.Tech student at SR Institute of Management and Technology with a strong passion for web development and frontend technologies. Hands-on experience building responsive, accessible websites using HTML, CSS, and JavaScript. Committed to continuous learning, clean code, and growing into a skilled software developer.

SKILLS

Technical	HTML, CSS, JavaScript, Git & GitHub, Responsive Design, REST APIs
Soft Skills	Communication, Creativity, Teamwork, Time Management, Problem-Solving
Tools	VS Code, Microsoft Office (Word, Excel, PowerPoint)

PROJECTS

Weather Now

Personal Project | github.com/Sanya123423/weather-now

- Built a responsive weather lookup app that fetches live data from a public API and displays current conditions with clear, readable visuals.
- Implemented error handling for invalid city searches and failed network requests.

TaskFlow

Personal Project | github.com/Sanya123423/taskflow

- Developed a drag-and-drop to-do list app with local storage persistence and custom task categories.
- Added smooth micro-interactions to improve the experience of completing and managing tasks.

Recipe Finder

Personal Project | github.com/Sanya123423/recipe-finder

- Built a recipe discovery tool that searches by ingredient and filters results by cuisine using a REST API.
- Practiced dynamic DOM rendering and asynchronous JavaScript (fetch/async-await).

EDUCATION

Bachelor of Technology (B.Tech)

SR Institute of Management and Technology | 2023 – Present

Currently pursuing Final Year B.Tech with a strong interest in web development, programming, frontend technologies, and modern software development.

School Education

Little Flower Convent School

CERTIFICATIONS

AWS Academy Graduate – Generative AI Foundations

Amazon Web Services (AWS) | March 2026

Completed 12 hours of training covering Generative AI concepts, AI fundamentals, real-world AI applications, and AWS AI services. Earned the AWS Academy Training Badge and developed foundational knowledge of cloud-based AI technologies.
